McCLUNG NURSERY & FRUIT FARMS

Retail Catalog

for 1943-1944

CORSICANA, TEXAS

"The Complete Home Is The Planted Home"

A Personal Message from...

McClung Nursery and Fruit Farms

MAIL ADDRESS P. O. BOX 813 » CORSICANA (OR ANGUS) TEXAS

LOCATED SIX MILES SOUTH OF CORSICANA ON PAVED HIGHWAY 75

★ INASMUCH as we are at war, and our leaders in Washington are proclaiming a shortage of rubber and gas, you will undoubtedly find yourself spending more time at home and in your yards. Let us suggest that you make a hobby of beautifying your place. It will be time well spent, and will help to keep you both physically and mentally fit to bear your share of the war-time effort.

★ DESPITE the heavy demand for everything in the nursery line last year, our stock this year is again large and varied, with the same high quality that has characterized it in the past.

★ OUR BUSINESS is built on a desire that your dealings with us shall be satisfactory from your own standpoint. It is our aim at all times to sell the very best stock possible, but since we have no control over weather conditions, disease and insect infestations, or carelessness on the part of the customer in the selection of soil and location, as well as the planting itself, we do not guarantee plants to live.

★ WE HAVE adopted the **Uniform Replacement Agreement** of the Texas Ass'n of Nurserymen, which is as follows: "Provided account is paid in accordance with Government credit rules and plants receive reasonable care, we will replace at one-half price of the plants, plus cost of labor, plants planted in the spring, that fail to survive the following summer; or, if planted in the

fall, fail to leaf out the following spring. Should we not have the same plants in stock, we reserve the right to give credit for an amount equal to one-half the cost of the plants lost, in other plants of your selection. The above does not cover plants purchased on the nursery grounds and not planted by us."

★ HOMES are at a premium today, and many are being bought, sold, or repaired. While you are limited by government regulations in improving your home itself, there is no limit to the improvements you can make in landscaping. This fall or spring would be the ideal time to give your home the beautiful setting it deserves. An evergreen here and there for permanence . . . flowering shrubs for seasonal splendor . . . roses, gladioli, iris, chrysanthemums for cut flowers . . . some fruit and nut trees for the future . . . and your home becomes a greater joy to you and to your family, and increases hundreds of dollars in value if you should ever care to sell it.

★ WE ARE GLAD at all times to talk with you about your landscaping or planting problems, and when plants are bought from us, we make no charge for service of this kind.

★ IF YOU have not already visited our showrooms, we invite you to do so soon. You are always welcome.

Sincerely yours,

C. C. McClung

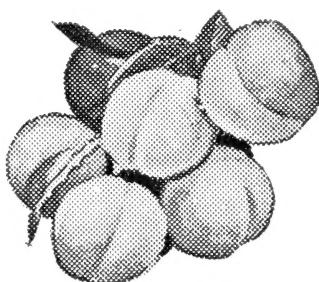

OUR POTTERY SHOP, LOCATED AT OUR NURSERY, OFFERS YOU A FINE
AND WIDE SELECTION OF GIFT MERCHANDISE.

FRUIT TREES

LL McCLUNG NURSERY FRUIT TREES are budded from bearing trees, and you can be sure of getting the variety that you order. All buds for the Stubenrauch line of Peaches are obtained from our own fine orchard near Navarro, Texas, which is rated as one of the best in the state. In addition to the Stubenrauch line of Peaches, we want to call your attention to some new varieties we are adding to our stock. We have spent quite a bit of time and money in observing and securing some of the best varieties recommended by our State Experimental Station. It is our intention at all times to offer the best varieties in fruits and to offer stock that is budded from trees that are actually in production.

(Special Rate on Large Orders)

MAMIE ROSS

Very large, blush, white flesh. Ripens June 12th.

CAUTHEN

One of our own discoveries. Found in E. J. Cauthen's yard in Italy, Texas. Semi-cling, large, heavy bearer, ripens June 15th. Blooms almost as well as a flowering peach, very ornamental.

FAIR BEAUTY

Ripens around June 25th. A good market peach, coming off ahead of Elbertas.

EARLY ELBERTA

Ripens also around June 25th.

ELBERTA

The best known of all varieties. Large yellow freestone—Ripens July 10th.

TENA

One of the best of the Stubenrauch strain. Frost resistant, heavy bearing; a better marketing peach than Elberta. Freestone, yellow, red around seed. Ripens July 10th.

AUGBERTA

Freestone. Ripens August 5th. Yellow, resembling Elberta, but later. Very prolific and good quality.

FRANK

We cannot say too much

for the Frank peach. We find it the heaviest bearing of all peaches; frost resistant, yellow meated, cling. Ripens August 5th to 25th.

FRANKIE

Same shape, color and taste as the Frank, but it is a freestone. Ripens with the Frank.

RED INDIAN

Old time variety, red meat cling seed; one of the best for pickling. Ripens August 1st.

LIBERTY

Considered by Mr. Stubenrauch as one of his best. A yellow clingstone very much like the Frank. Ripens about August 20.

NEW VARIETIES OF PEACHES

BABCOCK

Clear seed. Ripens about June 10th. A beautiful red skin peach with delicious white meat.

VETERAN

Recommended by State Department as one of best. Ripens June 20th. Large yellow meated clear seed.

VALIANT

Also highly recommended by State Dept. Ripens June 22nd. Yellow meated clear seed.

JULY GOLD

One of the best grown by the State Dept. Large yellow meated clear seed. Fine flavor. Ripens July 15th.

TRIO GEM

Clear seed. Ripens June 15th. Large yellow meated, and a good commercial peach.

★ McClung's trees
pay dividends in bas-
kets of delicious fruit.

GLOBE GOLD

A large globe shaped yellow clear seed peach. Ripens July 1st.

GOLDEN BEAUTY

LEONA » SUN GOLD

We have a few of these new varieties.

GOLDEN NECTARINE

A cross between a plum and peach. Clear, smooth skin, very delicious. Ripens last of June.

IMPROVED ELBERTA

An Elberta we have discovered we think is far ahead of regular Elberta in production and quality. Sold this past season at our orchard for \$6.00 a bushel. Large yellow meated clear seed with red cheek.

PLUMS

BURBANK

Large cherry red, flesh deep yellow. Good flavor. June.

BRUCE

Large market plum. It is

bright red, firm, quality good. June 10th.

OPATA PLUM CHERRY

Fruit purplish red, very pleasant in flavor. Last of June or first of July.

METHLY

Ripens May 25th. Greenish red skin, sweet flavor. A good shipper.

Prices: 2-3 ft. 45c; 3-4 ft. 60c; 4-5 ft. 75c.

APPLES

RED DELICIOUS

Beautiful color; bears very young. Ripens October.

Prices: 2-3 ft.—50c. 3-4 ft.—75c. 4-5 ft.—\$1.00.

CRAB APPLE HOPI

Blooms and leaves are very ornamental. 3-4 ft. 75c; 4-5 ft. \$1.00.

YELLOW DELICIOUS

Like Red Delicious, except yellow in color.

RED JUNE

An old standard summer apple. Good bearer.

APRICOTS

MOORPARK

Fruit is yellow with red cheek.

Prices: 2-3 ft. 70c; 3-4 ft. 85c; 4-5 ft. \$1.00.

EARLY GOLDEN

Deep yellow, medium size. Good bearer.

MAGNOLIA

Fruit large, yellowish white with purple netting. Prolific. Fine for eating or preserving.

Price: 2-3 ft.—Light, 30c Each

FIGS

PEARS

LE CONTE

Large fruit, luxuriant foliage, hardy tree. Good for the South.

GARBER

Like Kieffer in size and appearance; ripens earlier.

KIEFFER

The best pear for commercial planting. Large size, yellow flesh, juicy and aromatic. Bears very young and is blight and other disease resistant.

DOUGLAS

Begins bearing early, and is very hardy.

EARLY WILDER

Early bearing, good quality.

Prices: 2-3 ft. 50c; 3-4 ft. 75c; 5-6 ft. \$1.00; 6-8 ft. \$1.50.

Our New Variety Pear **McCLUNG CORELESS PEAR**

★ Can you imagine a pear without a core? Well, here it is . . . So far, we have never found a core in one. Delicious in flavor and makes a beautiful tree. Try one in your yard for ornamental and novelty purposes, as well as for the luscious fruit.

25c per Tree higher than other Pear Varieties.

GRAPES

CONCORD

The standard black grape. Thrives wherever grapes grow. Fine for table use or juice and jelly making.

NIAGARA

This is the standard white grape. Color is greenish-white, changing to pale yellow when ripe.

CARMEN

Medium size, black in color; very thick bunches.

PRICES: Strong plants 25c.

BERRIES

AUSTIN DEWBERRY

Early, immensely productive. Large size and good quality. **\$2.00 per Hundred.**

and soft. 6c each; 50c per Dozen; \$5.50 per Hundred.

DALLAS BLACKBERRY \$4.00 per 100.

YOUNGBERRIES

The new, big red berry with the distinctive raspberry flavor. Jams or jellies made from Youngberries will please you beyond your fondest dreams. Fruit larger than Austin Dewberry and vines are equally productive. **\$4.00 per 100.**

BOYSBERRIES

The newest thing in berries. Appearance and taste similar to Youngberries, but larger in size. The seed are small

STRAWBERRIES

★ Try planting a Strawberry Barrel. It's a nice hobby and will give you lots of berries. **Instructions:** Bore holes in the side of a barrel about 6 inches apart; fill the barrel with good rich loamy soil; plant your strawberries in the holes and keep them well watered.

Blakemore or Klondike Varieties,
25 plants for \$1.00.

JAPANESE PERSIMMON. EUREKA. We don't like the name, but we do like the persimmon. The fruit is big as a baseball, bright orange color, ripening after frost. Ornamental, seedless, heavy bearer; even small trees will load down. 3-4 ft. 75c; 4-5 ft. \$1.00; 5-6 ft. \$1.25.

FRESH FRUITS IN SEASON

● WE ESPECIALLY wish to call your attention to the fact that we have, near Navarro, Texas, the largest Fruit Farm in this section of the State. We grow every fruit adapted to this section, and offer it for sale at prevailing market prices.

NUT TREES

PECANS

Our Pecan Trees are grown in our own Nursery on selected root stock. We are thus able to offer you hardy, dependable trees.

Varieties

- ★ SCHLEY
- ★ BURKETT
- ★ STEWART
- ★ SUCCESS
- ★ DELMAS
- ★ MAHAN
- ★ MONEYMAKER

Prices

2-3 ft. — \$1.00	5-6 ft. — \$1.75
3-4 ft. — \$1.25	6-7 ft. — \$2.00
4-5 ft. — \$1.50	8-10 ft. — \$2.50

10% off these prices on 10 or more trees.

ENGLISH WALNUT

WILSON WONDER. A fine nut and a beautiful tree. The nuts are larger than the California or South American nut and shell a little thicker, but the quality is as good or better. Try a few of these for shade, too.

PRICES: 6-7 ft.—\$2.50. 7-8 ft.—\$3.00. 8-10 ft.—\$4.00.

THOMAS BLACK WALNUTS

The Heaviest Bearer of them all. This is the Walnut that has been publicized so much in all the farm papers the last few years.

★ We find it to be one of the fastest growing and most satisfactory shade trees to be had, and the nuts are much larger than the native Black Walnuts, with thinner shells. The meats come out easily in halves and retain the delicious flavor of the native nut. Will grow in practically any type soil. It is also valued for the timber.

PRICES: 2-3 ft.—\$1.00; 3-4 ft.—\$1.50; 4-5 ft.—\$1.75; 5-6 ft.—\$2.00; 6-7 ft.—\$2.50; 7-8 ft.—\$3.00; 8-10 ft.—\$4.00. Quantity prices on request.

GRASSES

PAMPAS GRASS—6-8 ft. The long, silky plumes, borne in late summer, remain beautiful for many weeks. They may be cut and dried for winter house decoration as soon as they are fully developed. **Clumps**—\$1.00 to \$2.00.

SOTOL (SAW TOOTH)—A desert plant with spike growing out of grass to ten feet, making large plume. **Clumps**—\$1.50 to \$2.00.

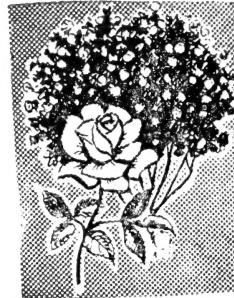

Ornamental Vines

HALL'S HONEYSUCKLE — The old favorite; exceedingly fragrant. **Each** 50c.

ROSES

EVERY HOME, regardless of size, should have some Roses, not only for their beauty in the garden, but for cut flowers for the house. Roses will grow in almost any soil. They demand good drainage, both surface and underground. Since they are found growing well in clayey, black land, and sandy soil, it can hardly be said that they prefer any particular kind of soil, except that it must be loose and have good drainage.

RED ROSES

RED RADIANCE

Deep rose red in color, very fragrant, well-formed, globular flowers. A profuse bloomer and very hardy.

AMI QUINARD

Black-lusted red in color, slender pointed buds opening to velvety, semi-double flowers.

ETOILE DE HOLLANDE

Brilliant red, magnificent size. One of the best.

PINK ROSES

PINK RADIANCE

Brilliant rose pink with lighter tints on reverse of petal.

EDITOR MCFARLAND

True pink—very hardy and blooms exceptionally well.

ANTOINE REVOIR

Buds large, blooms double and full. White suffused with pink.

EDITH NELLIE PERKINS

Long pointed buds, cream and orange; when open inside of petals shows salmon pink with gold base.

BRIARCLIFFE

Deep pink. Long pointed buds.

DAINTY BESS

Delicate pink with brownish-red overcast, contrasting center of wine-red stamens. Single petals.

WHITE ROSES

CALEDONIA

Long white bud. Vigorous plant. The best white rose.

KAI SERIN AUGUST VIKTORIA

Creamy white, large, pointed buds. A great favorite.

YELLOW

GOLDEN RAPTURE

One of the finest yellows. Long pointed buds. Is of rich gold without shading.

LUXEMBURG

Color in bud coral-red shaded chrome-yellow. Opens to large flower of shrimp pink shaded to coppery orange.

SUNBURST

Golden yellow, lighter at edges of petals; long pointed buds.

MRS. PIERRE S. DUPONT

Rich golden yellow, long pointed bud, ornamental foliage, extremely disease resistant.

MULTI-COLOR

TALISMAN

Brilliant orange-red buds open to large golden-yellow flowers stained with copper red and orange.

HOOVER

Maroon, orange, and gold. Long pointed buds.

HINTS ON ROSE CULTURE

PLANTING—Rose beds should be prepared in advance, all grass and weeds removed, dirt well spaded. As a general rule we do not recommend that fertilizer be added until after planting. Fertilizer should not be put too close to plants. Let the feeder roots feed to the fertilizer.

CARE OF ROSE—Roses should not be pruned before February 20th in our section. We do not recommend too severe pruning. All dead wood should be removed and limbs cut back to within one foot of the ground. To prevent mildew and black spot on the leaves, we recommend dusting your roses with copper sulphur within twenty-four hours after each rain during growing season. Keep your ground well mulched, but avoid spading too deeply around the roots. In watering roses, do not spray them, but let the water run on the ground.

OUR ROSES are two-year-old, field grown, budded on Rosa Multiflora Japonica under-stock. So when you buy roses from McCLUNG, you can rest assured that you are buying the very best that are to be had.

BUY ROSES BY GRADE—The words "two year old field grown" have no descriptive meaning as to the grade plant that you are to get, but simply mean that plants so described have been in the field two years and might have one cane or a half a dozen, a good root system or no roots at all. Do not be deceived by these advertising tactics. Our Roses are graded — No. 1, 1½, and 2 — See the price list.

WE ESPECIALLY INVITE inquiries from Garden Clubs, Home Demonstration Clubs, and Civic Organizations for special prices on cooperative buying.

Climbing Roses

PAUL'S SCARLET

Vivid scarlet. Not monthly.

MARIE HENRIETTA

Pink.

CLIMBING COLUMBIA

Imperial pink.

CLIMBING TALISMAN

Exactly like the bush rose.

CLIMBING HOOVER

Same glorious combination of colors as in the bush rose, only a graceful climber.

WHITE AMERICAN BEAUTY

White climber.

CLIMBING HADLEY

Red.

Polyanthas

IDEAL

Rich, lustrous garnet flowers. A strong bloomer.

ELLEN POULSEN

Soft rose-pink. Very dainty.

GOLDEN SALMON

Bright orange flowers in huge clusters.

GLADIOLUS BULBS....

A McClung Nursery Specialty

❖ Here in our modern Nursery, we grow Gladioli by the acres. We invite you to visit our fields when they are in bloom (usually in May and June). Gladioli do exceptionally well in this section. It is one of the best cut flowers that grows, and will keep for a week after being cut. Our Gladioli Bulbs are all nice, plump, and of blooming size, producing beautiful flowers the first year planted. Make your choice from our wide selection, and create a panorama of beauty in your garden this year.

RED

Flaming Sword, Pride
of Wanakah, Southern
Cross.

PINK

Early Dawn, Picardy,
Betty Co-Ed, Debon-
air, Wasaga, Break O'
Day, Margaret Fulton,
Tyko Zang, Paradise,
Giant Nymph.

Apricot Glow, A. V.
Bounce.

YELLOW

Golden Dream, Gold-
en Eagle.

CREAM

Shirley Temple, Duna.

BRONZE

Bagdad.

RAINBOW

—Assortment. 40 va-
rieties, all colors, in-
cluding the best vari-
eties known.

NO. 1 BULBS

50¢ Per Dozen \$3.00 Per Hundred

NO. 2 BULBS

35¢ Per Dozen \$2.25 Per Hundred

RED PINK BRONZE

Cushion Chrysanthemums

THESE LOVELY LITTLE 'MUMS will add a spot of color to your yard that will be the envy of all who see them. This variety grows in the form of a sugar loaf, and as the name implies, looks like a huge colored cushion on the ground. Throughout the blooming season, each cushion is literally covered with myriads of blossoms, an amazingly beautiful sight. So numerous are the flowers that you will hardly miss the many you cut for bouquets. Clumps may be divided in the spring, making many plants. Get your start of this pretty 'mum NOW!

Large Clumps **75¢ Each**

Use Lovely **IRIS** To Solve Your Planting Problems

★ No perennial is easier to grow than IRIS, and none is more beautiful and useful. Being evergreen, the plants are perfect for border work, backgrounds, beds, or in front of hedges. The slender flower stalks bear delicate, orchid-like flowers, giving you a mass of color throughout May and June. Hardy, free flowering, resistant to disease, IRIS bloom year after year with little attention.

GOLDEN GLOW

A beautiful yellow, one of the loveliest shades in Iris.

PRIMROSE

Deep, clear yellow. Very effective next to blues or purples.

SKY BLUE

One of the most popular. Like a bit of Texas sky come down to earth.

LOHENGRIN

Cattleya rose, a different color for your Iris bed.

PIONEER

Fine red purple self. Red Iris are highly prized.

PRINCESS BEATRICE

Lavender, very charming.

QUAKER LADY

Smoky lavender shaded yellow, some rose.

LOUIS BEL

One of the darkest of the purples, blooming early.

TAJ MAHAL

A very fine pure white, flowers of a fine shape, heavy waxy substance. It has a rugged constitution and increases rapidly.

SWEET LAVENDER

Very fragrant—will perfume a whole room.

IRIS RHIZOMES: 15¢ Each - \$1.25 Dozen

EVERGREENS

CONIFEROUS

★ AMONG THE CONIFEROUS or Cone-Bearing evergreens are to be found types and species in sufficient variety to fill any and all needs of beautification work. The great variety as to color, shape, habit of growth, and size, together with the fact that their beauty is year-round, make this group especially desirable in all kinds of landscape beautification. All Coniferous Evergreens are shipped with a ball of dirt around the roots, and burlapped (B & B).

Juniperus (Junipers)

★ CHINENSIS PFITZERIANA — (Pfitzer's Juniper). One of the best known and most widely used evergreens. Low growing, wide-spread horizontal branches, irregular in outline. Bluish green foliage. 15-18 in. 75c; 18-24 in. \$1.00; 2-3 ft. \$1.50; 3-4 ft. \$2.25; 4-5 ft. \$3.00.

★ GOLDEN PFITZER. Like Pfitzer Juniper except golden in color. 18-24 in. \$1.25; 2-3 ft. \$1.50.

★ JUNIPER EXCELSA STRICTA (Spiney Greek Juniper). 6 ft. Dwarf, compact, decidedly conical. Grayish-green foliage. Adapted for formal planting or anywhere a dwarf plant is

required. 15-18 in. \$1.00; 18-24 in. \$1.25; 2-3 ft. \$1.75.

★ JUNIPERUS VIRGINIANA — (Platte River Red Cedar). 30 ft. Dark green foliage taking on a bronzhish purple hue in late fall through winter. Our trees have been sheared regularly and are very desirable where a tall, slender, graceful plant is needed. Especially good for formal planting. 4-5 ft. \$1.75; 5-6 ft. \$2.25; 6-7 ft. \$2.75; 7-8 ft. \$3.00; 8-10 ft. \$4.00; 10-12 ft. \$5.00.

★ NATIVE RED CEDAR. 40 ft. Green foliage; sheared plants, make very fine tall, slender specimens. 3-4 ft. \$2.00; 4-5 ft. \$2.50; 5-6 ft. \$3.00.

Thuja Orientalis (Arborvitae)

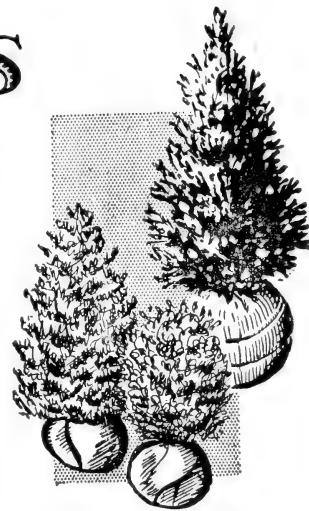

★ T. O. AUREA NANA (Berkman's Golden.) 6 ft. Dwarf in habit, compact and symmetrical outline. The branches are tipped with golden tint. 12-18 in. 75c; 18-24 in. \$1.00; 2-3 ft. \$1.50; 3-4 ft. \$2.00; 4-5 ft. \$2.50; 5-6 ft. \$3.50.

★ T. O. BAKERI (Baker's Arborvitae.) 12 ft. Compact cone shaped. Dark green foliage. One of the best for this section. 18-24 in 65c; 2-3 ft. \$1.00; 3-4 ft. \$1.50; 4-5 ft. \$1.75; 5-6 ft. \$2.25; 6-7 ft. \$2.75.

★ GRIFFIN MAURINE. Slender, columnar shape; foliage like Baker. 2-3 ft. \$1.00; 3-4 ft. \$1.50; 4-5 ft. \$2.00; 5-6 ft. \$2.25.

★ ROSEDALE ARBORVITAE — Very compact, global shape. Light green foliage. 18-24 in. 75c; 2-3 ft. \$1.00.

★ T. O. BONITA. 5 ft. Perfectly globe shaped. Dark green foliage. 12-18 in. 80c; 18-24 in. \$1.25; 2-3 ft. \$1.75.

★ **T. O. GOLDEN BONITA** — Same as Bonita, except tips of branches are golden in color. 12-15 in. 75c; 15-18 in. \$1.00; 18-24 in. \$1.25; 2-3 ft. \$1.75.

★ **T. O. EXCELSA**. 2 ft. Much like Baker's, except foliage is coarser and more open. 18-24 in. 75c; 2-3 ft. \$1.00; 3-4 ft. \$1.50; 4-5 ft. \$2.25; 5-6 ft. \$2.75.

★ **T. O. RAMSEYI** (Ramsey's Hy-

brid.) 15 ft. Dark green foliage; erect narrow growth. 4-5 ft. \$1.50; 5-6 ft. \$1.75; 6-8 ft. \$2.50.

★ **WINTERGREEN**. Upright and medium tall. Dark green color. 4-5 ft. \$2.00; 5-6 ft. \$2.50; 6-8 ft. \$3.00.

★ **GOLDSPIRE ARBORVITAE**. 15 ft. Golden foliage, fairly open in growth. 2-3 ft. \$1.00; 3-4 ft. \$1.50; 4-5 ft. \$2.00; 5-6 ft. \$2.50; 6-8 ft. \$3.00.

Cypress

★ **ARIZONA CYPRESS**— 40 ft. Grayish green, very hardy, and nicely sheared. 2-3 ft. \$1.00; 3-4 ft. \$1.50; 4-5 ft. \$2.00; 5-6 ft. \$2.50.

★ **CEDRUS DEODARA**— 30 ft. A pyramidal plant, foliage bluish green with spreading branches. 18-24 in. \$1.50; 2-3 ft. \$2.00; 3-4 ft. \$2.50.

★ **ITALIAN CYPRESS**— 30 ft. Tall, soft dark green foliage. 3-4 ft. \$1.50; 4-5 ft. \$2.00; 5-6 ft. \$2.50; 6-8 ft. \$3.00.

★ **DWARF ITALIAN CYPRESS**. Very compact. Grows about half as fast as the other Italian Cypress. 4-5 ft. \$3.00; 5-6 ft. \$4.00.

Broadleafed Evergreens

★ IN THIS GROUP are to be found the wide variety of colors that make possible the many different shades of Green, the Reds, Bronzes, and the various Grays. In addition to holding their beautiful foliage the year 'round, most plants in this group provide you with Flowers in Spring, and many of them display gorgeous colored Berries all Winter.

★ **ABELIA GRANDIFLORA**. 6 ft. Bronzy-green foliage, arching stems clothed with fragrant pinkish-white flowers. Blooms all summer and fall. Fine for hedges. 2-3 ft. \$1.00; 3-4 ft. \$1.25; 4-5 ft. \$1.50.

★ **BOX WOOD**. Slow growing old fashioned plant. 9-12 in. 50c; 12-15 in. 75c; 15-18 in. \$1.00.

★ **COTONEASTER PANNOSA**. 6 ft. Graceful arching branches and leaves white underneath. Orange berries. 2-3 ft. \$1.00; 3-4 ft. \$1.75; 4-5 ft. \$2.25.

★ **COTONEASTER PARNAYI**. 5 ft. Thick, nearly black leaves with large red berries. 18-24 in. \$1.00; 2-3 ft. \$1.25; 3-4 ft. \$1.75.

★ **EUONYMUS VARIEGATED**. Upright growth, gold and green foliage. 15-18 in. 75c; 18-24 in. \$1.00.

★ **EUONYMUS JAPONICA**. 10 ft. Compact and upright in growth. Glossy dark green foliage. Fine specimen plants or may be trained to wall or fence. Adapted to shearing. 2-3 ft. 75c; 3-4 ft. \$1.00.

★ **EUONYMUS SEIBOLDI.** 10 ft. A spreading evergreen shrub of unusual hardiness. Sheds leaves in spring just before new growth starts. Bursting seed pods display red seed in winter. 12-18 in. 75c; 2-3 ft. \$1.00; 3-4 ft. \$1.75.

★ **ELAEAGNUS PUNGENS.** 8 ft. Fragrant flowers in Autumn followed by red fruit, having silver and brown scale. 15-18 in. \$1.00; 18-24 in. \$1.25; 2-3 ft. \$1.75; 3-4 ft. \$2.25.

GARDENIA FORTUNEI
(Everblooming Cape Jasmine)

5 ft. Blooms all summer. 1-1½ ft. \$1.00; 1½-2 ft. \$1.25; 2-3 ft. \$2.00; 3-4 ft. \$3.00.

GARDENIA GRANDIFLORA
(Common Cape Jasmine)

8 ft. Very fragrant. 1½-2 ft. \$1.00; 2-3 ft. \$2.00; 3-4 ft. \$2.50.

★ **PINEAPPLE GUAVA.** Foliage grey green, silvery underneath. Numerous white flowers with red stamens. Fruit dark green, delicious for eating fresh or for making pies or jelly. 18-24 in. \$1.00; 2-3 ft. \$1.50; 3-4 ft. \$2.00.

★ **JASMINE FLORIDUM** (Italian Jasmine.) 3 ft. Flexuous branches, dark glossy green foliage. Half inch golden yellow flowers all during growing season. Fine wherever a low spreading effect is desired. 18-24 in. 75c; 2-3 ft. \$1.00; 3-4 ft. \$1.50.

★ **JASMINE PRIMULINUM** — (Primrose Jasmine.) More vigorous and upright than Jasmine Floridum. Has larger blooms, and blooms in the early spring. 2-3 ft. \$1.00; 3-4 ft. \$1.25; 4-5 ft. \$1.50.

★ **LAVENDULA VERA** (True Lavender.) 2 ft. A low growing, many stemmed plant, gray in color. 12-18 in. \$1.00.

★ **LAUROCERASUS CAROLINIANA** (Cherry Laurel.) 20 ft. Glossy green foliage. Will make a tree or may be sheared to any desired shape. 1-1½ ft. 75c; 2-3 ft. \$1.25; 3-4 ft. \$1.75; 4-5 ft. \$2.25; 5-6 ft. \$3.00; 6-8 ft. \$4.00.

★ **LEUCOPHYLLUM** (Senisa—L. Texanum.) 6 ft. Beautiful silver foliage and lavender-blue flowers. Grows low and compact. 12-15 in. \$1.00; 18-24 in. \$1.50; 2-3 ft. \$2.00; 3-4 ft. \$3.00.

★ **LONICERA HECROTTI** (Evergreen Honeysuckle.) Climbs readily, but may be shaped to bush form. 4 yr. plants \$1.25.

★ **LIGUSTRUM JAPONICA** — (Japanese Ligustrum.) 15 ft. Upright growing broad leafed variety, with dark green, glossy foliage. Has white flowers in the spring, followed by dark purple berries in winter. Makes ideal screen planting, or may be used as evergreen shade tree. 2-3 ft. 75c; 3-4 ft. \$1.00; 4-5 ft. \$1.25; 5-6 ft. \$1.75; 6-7 ft. \$2.00.

★ **LIGUSTRUM LUCIDUM COMPACTA** (Wax Leaf Ligustrum.) 6 ft. A great favorite. 18-24 in. \$1.00; 2-3 ft. \$1.50; 3-4 ft. \$2.00.

★ **PITTOSPORUM.** 3 ft. Dark green, elongated heavy leaved, slow growing evergreen shrub. 18-24 in. \$1.25; 2-3 ft. \$1.75.

★ **YAUPON ILEX VOMITORIA.** Evergreen shrub or small tree with red berries. 18-24 in. \$1.50; 2-3 ft. \$2.00; 3-4 ft. \$3.00; 4-5 ft. \$4.00.

★ **MAGNOLIA GRANDIFLORA** (Southern Magnolia.) 40 ft. Slow in growth, but makes a large, stately tree, glossy dark green foliage, and large white flowers. 2-3 ft. \$2.00; 3-4 ft. \$3.00; 4-5 ft. \$5.00; 5-6 ft. \$7.00.

★ **MYRTUS COMMUNIS** (Common Myrtle.) 8 ft. Leaves small and pointed, shining green in color. Highly aromatic. Small white flowers followed by purple berries. Suited to damp places. 18-24 in. 75c; 2-3 ft. \$1.25; 3-4 ft. \$1.50.

★ **NANDINA DOMESTICA.** 4 ft. Upright in growth with many canes or stems springing from same root. Foliage is glossy green in spring and summer, changing to a coppery-red in winter. White flowers in spring are followed by red berries which stay on all winter. 10-12 in. 75c; 1-1½ ft. \$1.25; 2-3 ft. \$1.75.

★ **HOLLY (American Holly).** An evergreen tree of great beauty. Assume good form as they grow older. 18-24 in. \$1.25; 2-3 ft. \$1.75

★ **PHOTINIA SERRULATU** — (**Low Photinia.**) 10 ft. May be used as small tree or kept trimmed as shrub. New growth in spring is blood red, changing to green and again to bronze red in winter, bearing clusters of red berries. 18-24 in. \$1.50; 2-3 ft. \$2.00; 3-4 ft. \$2.50.

★ **PYRACANTHA LALANDI** — 12 ft. Upright in growth, orange-red berries. 18-24 in. 75c; 2-3 ft. \$1.25; 3-4 ft. \$2.25; 4-5 ft. \$2.75; 5-6 ft. \$4.00.

★ **HYPERICUM MOSERIANUM.** 2 ft. An attractive shrub with droop-

ing branches and flowers. 15-18 in. 75c.

★ **REDLEAF BARBERRY.** 6 ft. Leaves beautiful coppery red. Good as shrub or hedge. 15-18 in. 75c; 18-24 in. \$1.25.

★ **SANTOLINA.** 1 ft. Low growing, many stemmed plant. Silvery-gray foliage. Fine for rock gardens or borders. 75c per clump.

Evergreen Privets

★ **AMUR RIVER PRIVET.** 15 ft. May be used as specimen plant, screen plantings, or hedges. Field grown. 18-24 in. 6c; 2-3 ft. 8c. 2 year old bed grown 4c each.

★ **CALIFORNIA PRIVET.** 12 ft. More upright in growth than Amur River, but not as hardy. 18-24 in. 8c; 2-3 ft. 10c; 3-4 ft. 15c; 4-5 ft. 20c.

★ **LODENSE DWARF PRIVET.** A very low, dense, compact grower; foliage dark green turning bronze in fall; especially good for low hedge or sheared in formal shapes. 15-18 in. 25c; 2 ft. heavy 40c.

ORNAMENTAL TREES

★ **MAKE THAT SHADY SPOT** you've always wanted come true — plant a beautiful tree in your yard this year, or replace unsightly, undesirable trees with new ones of your own choosing that will be a permanent investment.

★ **RED BUD.** A burst of beauty in spring. 2-3 ft. 35c; 3-4 ft. 50c; 4-5 ft. 65c; 5-6 ft. 80c.

★ **BLACK LOCUST.** 8-10 ft. 75c; 10-12 ft. \$1.00.

★ **MIMOSA.** 20 ft. A beautiful flowering tree with fern-like foliage. Covered in summer with feathery pink blossoms. 2-3 ft. 40c; 3-4 ft. 50c; 4-5 ft. 75c; 5-6 ft. \$1.00. 6-8 ft. \$1.50.

★ **CHINA TREE (Texas Umbrella China.)** 25 ft. The quickest and best shade of all. 3-4 ft. 50c; 4-5 ft. 60c; 6-7 ft. 75c; 7-8 ft. 90c; 8-10 ft. \$1.25.

★ **SYCAMORE.** 60 ft. 2-3 ft. 40c; 3-4 ft. 60c; 4-5 ft. 75c; 5-6 ft. 90c; 6-7 ft. \$1.00; 8-10 ft. \$1.50; 10-12 ft. \$1.75.

★ **LOMBARDY POPLAR.** 40 ft. Tall, narrow variety of Poplar. 3-4 ft. 20c; 4-5 ft. 25c; 8-10 ft. 75c.

★ **LIVE OAK (B & B).** 50 ft. Evergreen and when established will do well under practically all conditions. 4-5 ft. \$2.50; 5-6 ft. \$2.75; 6-7 ft. \$3.00; 8-10 ft. \$4.00.

★ **RED OAK.** 7-8 ft. \$1.25; 8-10 ft. \$1.75; 10-12 ft. \$2.50.

★ **CHINESE ELM and AMERICAN ELM.** Prices on all Elm Trees: 2-3 ft. 40c; 3-4 ft. 50c; 4-5 ft. 75c; 5-6 ft. \$1.00; 6-8 ft. \$1.25; 8-10 ft. \$1.75.

★ **WEEPING WILLOW.** 2-3 ft. 50c; 3-4 ft. 75c.

★ **SCARLET MAPLE.** 60 ft. Erect, symmetrical growth. Red Foliage. 2-3 ft. 40c; 3-4 ft. 60c; 4-5 ft. 80c; 5-6 ft. \$1.00; 6-7 ft. \$1.25; 7-8 ft. \$1.50; 8-10 ft. \$2.00; 10-12 ft. \$2.50.

★ **SILVER MAPLE.** 2-3 ft. 25c; 3-4 ft. 40c; 4-5 ft. 50c; 5-6 ft. 60c.

★ **SWEET GUM.** 3-4 ft. \$1.25; 4-5 ft. \$1.75; 5-6 ft. \$2.25.

ORNAMENTAL SHRUBS

(*Deciduous*)

❖ The following listed flowering Shrubs may successfully be used in softening border lines, edges of walls, filling depressions, as screen plantings, covering slopes, or dividing areas. Careful selection as to varieties and height will insure a color scheme and effect that will be a source of much pleasure.

★ **CAESALPINIA** (*Poinciana*) — C. Gillies — “Bird of Paradise.” 8 ft. Large shrub or small tree with feathery foliage. Clusters of yellow flowers with bright red hair-like stamens several inches long. 2-3 ft. 25c; 3-4 ft. 35c; 4-5 ft. 50c.

★ **CYDONIA JAPONICA** (*Japan Quince*) 6 ft. Flame-like coral flowers in early spring. Medium plant 50c; Heavy plant \$1.00 to \$1.50.

★ **CYDONIA JAPONICA**. Spreading type, peach colored flowers in early spring, followed by small apples. Medium plant 50c; Heavy plant \$1.00 to \$1.50.

★ **DEUTZIA** (*Pride of Rochester*) 8 ft. Double white flowers tinged with pink. Strong upright growth. Medium plant 45c; Heavy plant 65c.

★ **FORSYTHIA** (*Golden Bell*) 6 ft. Covered in early spring with a profusion of yellow flowers. Fine for arches or trellises. Medium plant 40c; Heavy plant 60c; Extra heavy \$1.00.

★ **CALICARPA AMERICANA** (*French Mulberry*) 6 ft. The flowers are small, borne in short clusters in summer and the plants are grown chiefly for their bright lilac or violet colored berry-like fruits, very conspicuous in late autumn. 2-3 ft. 50c; 3-4 ft. 75c.

★ **CREPE MYRTLE**. “The Glory of the South.” 10 to 15 ft. Lavender or Watermelon red. 1½-2 ft. 25c; 2-3 ft. 30c; 3-4 ft. 50c; 4-5 ft. 75c. Balled and burlapped 25c extra.

★ **PHILADELPHUS** (*Mock Orange*) 8 ft. Hardy, fast growing shrub covered in spring with white saucer shaped blossoms with golden stamens. 2-3 ft. 35c; 3-4 ft. 50c; 4-5 ft. 75c.

★ **ALTHEA** (*Rose of Sharon*) 10 ft. We have purple, and double pink and purple. 3-4 ft. 35c; 4-5 ft. 50c; 5-6 ft. 65c.

★ **DWARF POMEGRANATE**. 3 ft. A miniature pomegranate with fresh green foliage, scarlet flowers and small, crimson fruit. Almost evergreen. Medium plants 75c, balled and burlapped.

★ **FLOWERING ALMOND**. 6 ft. A low, spreading shrub covered in early spring with double, rose-like flowers all along the stems. 1½ ft. 50c.

★ **FLOWERING PEACH**. 15 ft. Pink, white and red. 2-3 ft. 40c; 3-4 ft. 50c; 4-5 ft. 75c.

★ **LILAC** (*Persian Lilac*) 8 ft.— Fragrant light purple blooms in spring. 2-3 ft. 40c; 3-4 ft. 60c.

★ **WEIGELA ROSEA.** Rivals the Azalea in lovely color, and is much better adapted to this section. 15-18 in. 30c; 18-24 in. 40c; 3-4 ft. 65c. We also have **Weigela Variegated Leaf** and **Weigela Yellow** at the same prices.

★ **BUDDLEIA (Butterfly Bush) Ile de France.** A grand new Butterfly Bush covered with large spikes of claret purple flowers from June until frost. Medium plants 50c each.

★ **SNOW DROP.** Can be trained on trellis or grown as bush. Covered in spring and summer with white blooms. It will perfume your whole yard. 18-24 in. 50c; 2-3 ft. 75c; 3-4 ft. \$1.00. (Balled and burlapped 25c extra.)

★ **TAMARIX (Salt Cedar.)** Has feathery green foliage and is covered in spring and summer with pink flowers. 2-3 ft. 35c; 3-4 ft. 50c; 4-5 ft. 75c.

★ **VITEX.** Lavender colored flowers in spires and also has distinct odor of lavender. May be made into either tree or shrub. 3-4 ft. 35c; 4-5 ft. 50c.

★ **LANTANA.** Vigorous, easy to grow, and blooms all through the hot summer and fall. Fine for cemetery planting. Yellow or pink. Strong plants 40c each.

★ **CORAL BERRY.** A pretty native plant. 2-3 ft. 25c.

A Brand New Plant from South America

RED WING

THIS DELIGHTFUL NEW PLANT blooms profusely in Summer and Fall with yellow blossoms, turning to petals of wings, red and bronze in color. Very decorative and very bushy. You are sure to want one on sight.

\$1.50 Each

SPIREA OF BRIDAL WREATH

★ **SPIREA VAN HOUTTI.** The most famous of the Spireas, and one of the most useful shrubs in cultivation. Blooming in early spring, it throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that resemble a snow bank. May be used for specimens or for hedges. 2-3 ft. 35c; 3-4 ft. 50c.

★ **SPIREA THUNBERGI.** 3 ft. Dwarf variety. Blooms with the coming of the leaves, a mass of tiny white

flowers. Foliage is cut-leaved and lacy like a fern. 2-3 ft. 25c; 3-4 ft. 40c.

★ **SPIREA FROEBELLI.** 3 ft. Pink flowers nearly all summer and dwarf habit make this variety especially good for inner border work. 2-3 ft. 35c.

★ **SPIREA BILLARDI.** 4 ft. One of the most graceful of Spireas. Slender arching branches and blooms in long lavender spires soften and enhance any setting. 2-3 ft. 25c; 3-4 ft. 40c.

Time of Planting

PLANTING should be done as early as possible. Plants usually go dormant in this part of the country around the first of November. It is advisable to transplant as soon after then as possible. Consult us for the best time of Fall or Spring planting of the shrubs, flowers, trees and bulbs you are interested in.

TERMS

PRICES quoted herein are for **Cash**. If terms are desired, please make arrangements for same before placing order. Come in person and see what you are buying, or order by mail — Our guarantee of satisfaction applies in either case. **Try McClung's . . . One Order Will Convince You!**

Come to See Us . . .

★ **OUR NURSERY** is located just six miles south of Corsicana on paved U. S. Highway 75. We urge you to come to see us, for ours is one of the largest and most up-to-date Nurseries in the Southwest. It is completely isolated from other nurseries or orchards and our stock is grown on land that has never grown nursery stock before . . . therefore we can offer you plants that are completely free from diseases of any kind. Our new air-conditioned Nursery Building is open for your inspection, and we will be glad to take you through some of our 45 full acres of growing plants, and show you the very ones you want in all their natural beauty.

★ **MORE AND MORE**, people are learning the wisdom of "Buying Near Home" . . . where the plants have become acclimated and naturalized to the

kind of soil and the conditions that they will find in **YOUR OWN YARD** . . . Where the Nurserymen may be consulted personally in selecting and landscaping problems . . . Where, if desired, the stock may be chosen from the fields and not from the pages of a catalog . . . Where the plants are big, healthy specimens ready to fit instantly into your landscape scheme, and not the tiny, weak "mail-order" variety that must grow for years after planting before they can be appreciated.

★ **BEFORE YOU PLACE** an order for landscape or nursery stock with some far-away Nursery, glance back through the pages of this catalog and find the same items . . . Compare the size and price . . . then **COME TO MCCLUNG'S** for the real bargain! Our Nurserymen and Landscape Artists are always at your service.
